Who is CCMC?

The Commission for Case Manager Certification is the first and largest nationally accredited case management certification organization, credentialing nearly 50,000 professional case managers and disability management specialists. The Commission is a nonprofit, volunteer organization that oversees the process of case manager certification with its CCM® credential and disability management specialist certification with its CDMS® credential. Offering an extensive portfolio of certification and professional advancement activities, the Commission is the most active and prestigious certification organization supporting the practices of case management and disability management.

CCMC FAST FACTS

58% of employers pay for their case managers to take the CCM exam.

There are more than 46,000 certified case managers today.

There are nearly 2,500 certified disability management specialists.
Why Attend?

The healthcare industry is changing quickly. CCMC’s New World Symposium is the educational event that helps case management leaders grow. The Symposium offers high-quality education sessions that focus on both high-level issues within the industry and sessions from thought leaders that help you grow and adapt to these changes.

This event is designed for case managers across the healthcare continuum. Attendees and speakers have backgrounds in Social Work, Nursing, Occupational Therapy, Physical Therapy, plus other allied health professionals working in multiple practice settings across the healthcare continuum.

Network, problem-solve and build camaraderie with other case managers and disability management specialists. You will find that by joining this diverse group of attendees you will have amazing discussions and hear new viewpoints about adaptability, effective planning and intervention, and common challenges. There is no better place to interact face-to-face with your peers.

“The program, from the quality speakers to the varied agenda, gave me a renewed energy and excitement for my case manager position. I plan to share the key points from each session with my colleagues and patients.”
GOALS & LEARNER OUTCOMES:

**DEVELOP ME**
Demonstrate awareness of the current and future landscape influencing the client/patient, support system and care provider(s) across the continuum.

**EMPOWER ME**
Employ education, advocacy, and ethical practice for career advancement.

**INSPIRE ME**
Utilize evidence from provided resources, knowledge, and skills to care for clients across the healthcare continuum.

**ENTERTAIN ME**
Discover better work-life balance through participation in multi-sensory learning activities.

LaVerne H. Council began her career as an “intra-preneur” over 30 years ago, developing a name as a transformational leader; focusing on people over product, outcomes over activity. She is a global operations and information technology strategist and change agent, and her experience as a global executive provides her a unique perspective as an influencer, advisor, and coach. She is a founder and the Chief Executive Officer (CEO) of Emerald One and a member of the board of directors for ConMed, Mathematica, March of Dimes, and GirlUp.

David Glickman works with healthcare organizations that want to add both valuable content and comic relief to their events in order to make them really fun and memorable. A member of the Speaker Hall of Fame, he’s been a professional speaker and entertainer for over 20 years and has presented over 2,000 programs. Before transitioning from “show business” to “speech business,” he worked with everyone from The Beach Boys to Steve Martin. In the late 1990s, David moved into professional speaking. He specializes in customized humor and is able to “find what’s funny” in the many healthcare groups to whom he’s spoken.

Jean is a member of the leadership team responsible for one of CMS’ Centers that has more than 400 employees and a $3 billion annual budget. She is responsible for working with a great team to lead policy activities for Quality Improvement Programs, End-Stage Renal Disease Networks, Survey and Certification, Quality Measurement and Health Assessment, Clinical Standards, Coverage and Analysis, Quality Innovations Models and many of the agency’s Value-Based Purchasing and public reporting programs for hospitals, physicians and ambulatory settings.

Patrick has created and executed RMHP’s successful global budget and payment reform program for Colorado Medicaid. He served as Executive Director for the Colorado Beacon Consortium, after leading the acquisition of Cooperative Agreement from the Office of the National Coordinator for Health Information Technology (ONC). He designed and implemented SHAPE, an integrated behavioral health and primary care payment reform sustainability project, in partnership with a research team at the University of Colorado Department of Family Medicine. He served on the Executive Committee for Reunion Health and was a committee member on the 2017 PCMH Standards Advisory, National Committee for Quality Assurance (NCQA).

“I absolutely loved the Symposium this year! Way to go CCMC for bringing wonderful, knowledgeable and fun speakers to provide us with so much valuable information. I laughed, I cried and I left feeling a strong desire to advocate for change in our healthcare system. I learned so much this year, it was a great and memorable Symposium. I can only hope that next year’s Symposium will be as good as this one was this year! Thank you!”
